

SNAPON

AWNING PROTECTOR

Protects your awning fabric against costly damage from the sun and weather!

SUITS ALL ROLL-OUT AWNINGS!

The leading edge of the Snapon Awning Protector extends from the barrel to the side of your van or motorhome allowing for even more protection for your awning fabric

Each Snapon section has a moulded flange thus allowing snug fit for each Snapon section which gives even greater weather protection and stability

Simply snap on how ever many sections you require to protect your awning

The unique design of the Snapon Awning Protector allows the device to automatically clamp around the retracted awning

Save money now!

This inexpensive kit will save you hundreds of dollars (the cost of a new awning skin)

- * Easy to install
- * Extends life of awning fabric

GREAT CHRISTMAS GIFT IDEA!

Easy as...

*The Snapon Awning Protector is only used when the caravan is stored and should not be attached while the caravan is travelling.

"Australiawide recognition for the range of specialised awnings and accessories that we manufacture has been most gratifying.... Whether it is a slide-out awning for a particular motorhome, 5th wheeler or caravan, a retractable window awning for all RV's , a special Breezeway awning for pop-tops or the new Snapon Awning Protector, we have always produced a top quality, long wearing product which has been widely accepted by RV manufacturers and the touring public. Our dedication to this industry is ongoing!"
